Personal Time Tracking

Labor

Data-Driven Decisions

Analyze detailed, historical data using searchable records to make informed decisions. Verify time, date, and employee location with GPS logging and maps.

Increase Profits

Invest in your operation's future. Collect valuable labor and crop information to perform job costing, evaluate employee performance, and become more efficient.

Save Money

Record accurate clock in/out times to eliminate overpayments and ensure fair pay for all employees. Capture data no matter where and when the employee works.

Fast Payroll

No more wasting time with manual data entry and illegible time sheets. Prepare payroll data with the click of a button. MobileClock saves time in the office!

MobileClock

Personal Time Tracking

MobileClock accommodates work that cannot be easily tracked from a single location. Employees download the MobileClock app onto a personal cellular device.

During a shift, an employee clocks in and out of tasks set up in the office. Record employee clock entries for wage, job costing, and payroll calculations.

Features

- Time clock summary screen
- Real-time or offline mode
- Sync notes to the office
- GPS location logging
- Break countdown

Benefits

- Paperless (no more time sheets)
- Simple, fast, and accurate payroll
- Monitor and manage all employees
- Available for Android and iOS devices
- Integrate with other innov8.ag systems
